AI meets Internet as a Database: agents with **stackql**

Kieran Rimmer
CTO, StackQL Studios Pty Ltd

Google
Developer
Groups

Background

- Founded 2019
- Covid/Lockdown energy sink
- Professional services IAC/CICD frustration/inspiration
- Cyrise Cohort 6 (2022)

<https://github.com/stackql/stackql>

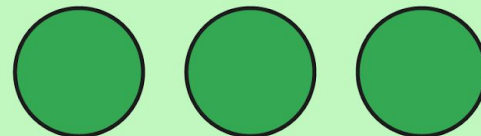

Kieran Rimmer: CTO at StackQL Studios

{ DevFest }

Kathmandu

Philosophy

- Open Source and Free
- Community First
- Tooling and function over products and services
- Golang (partially JVM fatigue)

Google
Developer
Groups

Core Premises of **stackql**

- Standalone Application
- SQL input
- All-in-one or server modes
- Run anywhere
- Treat it how you want to
